

AAMIR KHANDWALA

INTERIOR DESIGN

It's been a summer of collaborations!

Hanging with Hechizoo

Part of our collaborative process is visiting our trusted manufacturers and fabricators. This summer, Aamir took the opportunity to visit Bogotá, Colombia, where he toured the Hechizoo factory to learn first-hand how they produce beautifully crafted carpets, objects, and fabrics.

Zellij Splendor

We've collaborated with Mosaic House on multiple projects. We love the vibrant colors and tactile quality of Zellij tiles which are handmade in Fes, Morocco.

Flower Power!

Working with Cocobolo is a Joy! Benjamin Wiener the owner of Cocobolo even insisted on installing our beautiful ceramic wall sculptures by Stacy Cushman.

On Site

Installation time is when the magic happens, where our collaborative process with our clients comes to fruition. We had the opportunity to work in New York, Minneapolis and Florida this summer. More exciting project updates to come!

The team at Aamir Khandwala Interior Design wishes you a relaxing Labor Day Weekend!
